The screenshot displays the EndNote X6 software interface. The main window is titled "EndNote X6 - [workshop.en]". The menu bar includes "File", "Edit", "References", "Groups", "Tools", "Window", and "Help". The toolbar contains various icons for file operations and search. The left sidebar shows "My Library" with "All References (1)", "Unfiled (1)", and "Trash (0)". Under "My Groups", there are "Online Search" options: "Library of Congress (0)", "LISTA (EBSCO) (0)", "PubMed (NLM) (0)", "U College London (0)", and "Web of Science (TS) (0)". A "Find Full Text" button is also visible. The central search area has a search bar with "Endodontics" entered, and search criteria for "Author", "Year", and "Title" all set to "Contains". The search results table shows one entry:

Author	Year	Title	Rating	Journal	Ref
Sabbagh, Sedigh...	2013	A new endodontic irrigant	- . . . .	Iranian endodo...	Jou

The right sidebar has tabs for "References", "Preview", and "Attached PDFs". The "Preview" tab is selected and circled in red, showing the full text of the reference: "1. Sabbagh S, Sabbagh S, Sabbagh S. A new endodontic irrigant. iranian endodontic journal 2013;3(2).". The status bar at the bottom indicates "Showing 1 of 1 references." and a "Layout" button is visible on the right.

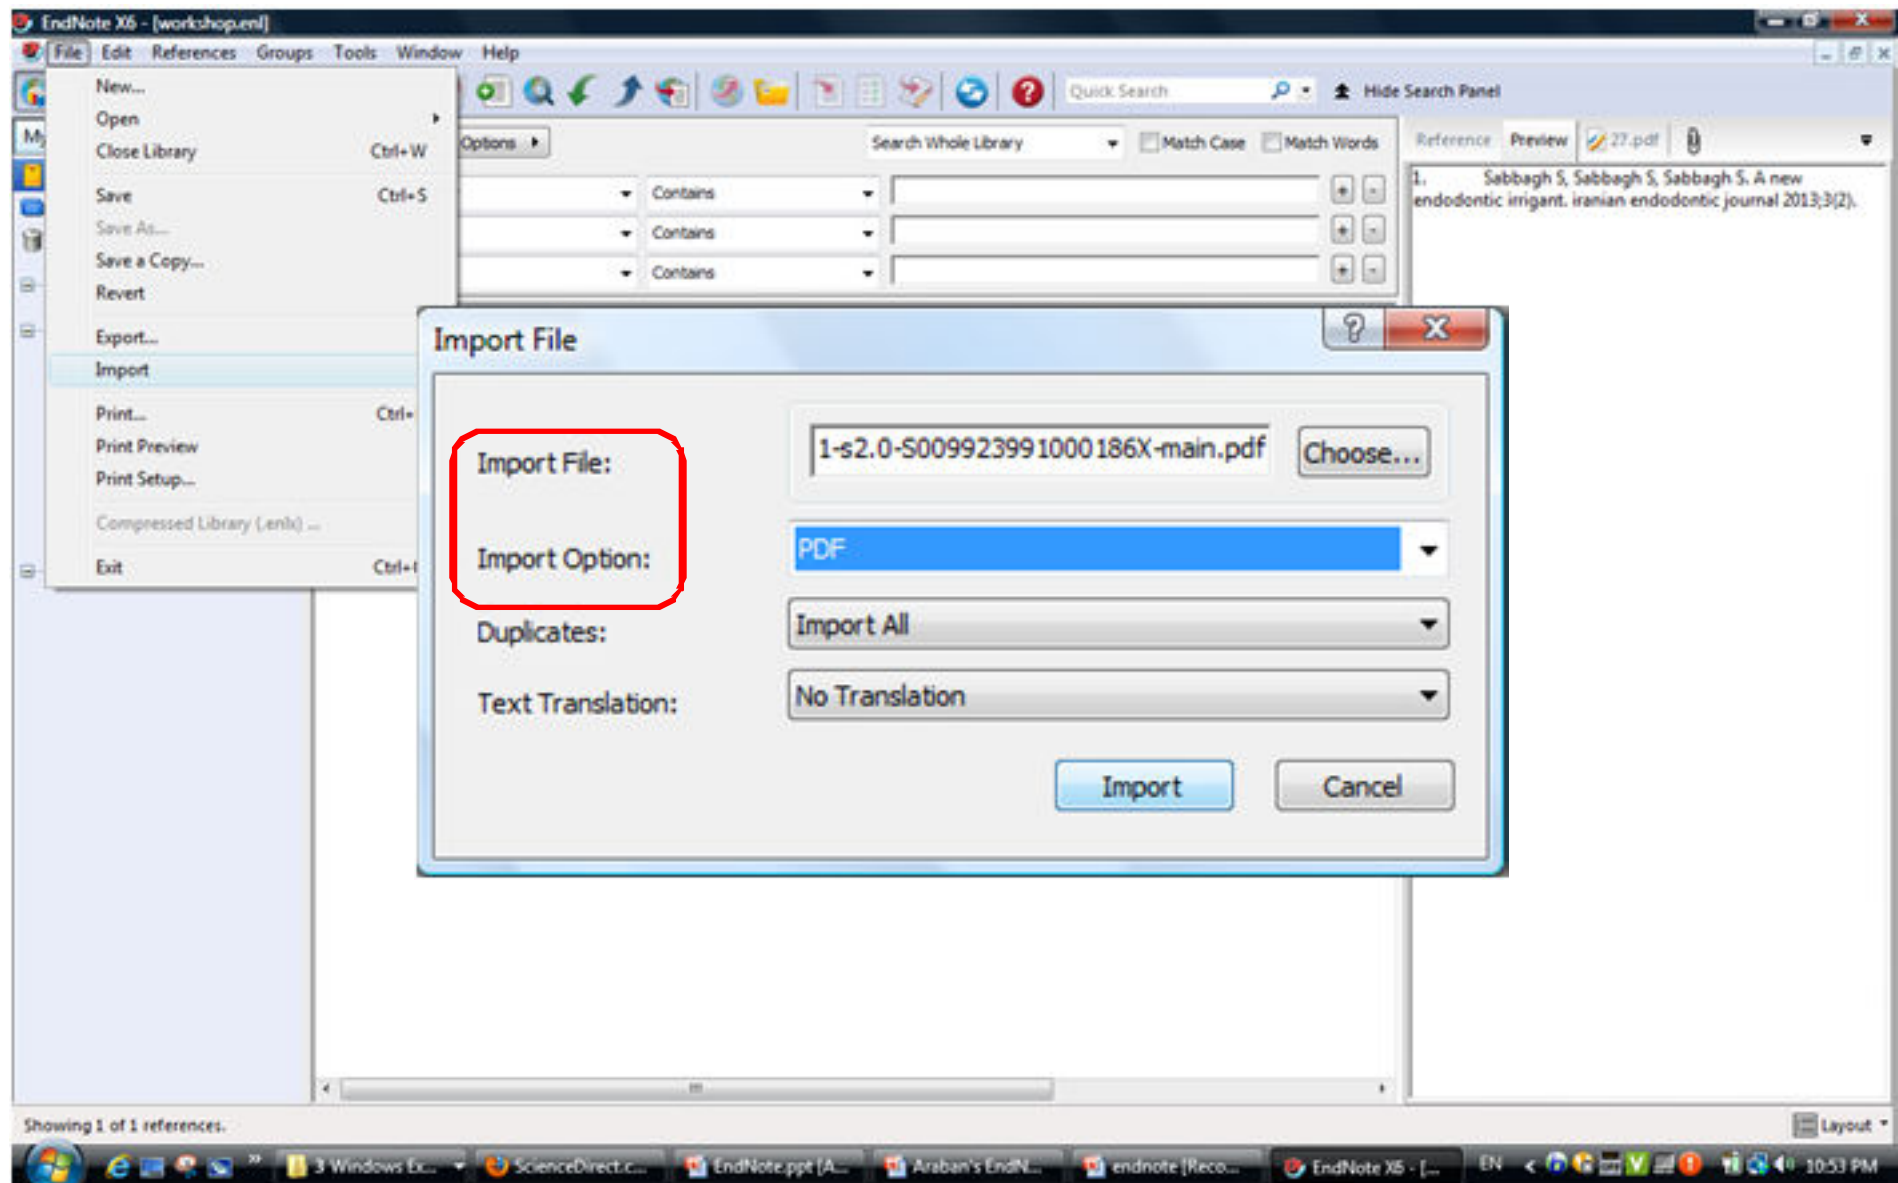

# اضافه کردن اطلاعات فایل

The screenshot displays the EndNote X6 software interface. The 'File' menu is open, and the 'Import' option is selected, which has opened a submenu. In this submenu, the 'File...' option is circled in red, indicating the step for adding file information. The main window shows a search results table with one entry:

Year	Title	Rating	Journal	Ref
	new endodontic irrigant		iranian endodo...	Jou

The status bar at the bottom indicates 'Showing 1 of 1 references.' The taskbar at the very bottom shows several open applications, including ScienceDirect, EndNote.ppt, and EndNote X6.

# اضافه کردن اطلاعات فایل

# اضافه کردن اطلاعات فایل

The screenshot displays the EndNote X6 interface. The main window shows a list of references. The selected reference is:

Author	Year	Title	Rating	Journal	Ref
Hirahsi, N.; Yik...	2010	Antimicrobial efficacy of 3.8% silver diamine FL...		J Endod	Jou

The right-hand pane shows the details for this reference, including the title "Comparative Study", the journal "J Endod.", and the DOI "10.1016/j.joen.2010.02.029". A file attachment icon is visible in the "File Attachments" section, with the filename "1-s2.0-S0099236...".

Red circles highlight the file attachment icon in the right pane and the author name in the reference list.

# جستجو در پایگاه های اطلاعاتی: Google Scholar

The image shows a screenshot of the Google Scholar website in a Firefox browser. The address bar displays 'scholar.google.com'. The top navigation bar includes links for 'My Citations', 'Metrics', 'Alerts', and 'Settings' (circled in red). The main content area features the Google Scholar logo, a search bar, and radio buttons for 'Articles (include patents)' and 'Legal documents'. The footer includes links for 'About Google Scholar', 'All About Google', and 'Privacy & Terms'.

# جستجو در پایگاه های اطلاعاتی: Google Scholar

The screenshot shows the Google Scholar Settings page in a Firefox browser. The address bar displays the URL: scholar.google.com/scholar\_settings?hl=en&as\_sdt=0,5. The page title is "Google Scholar Settings". The main content area is divided into several sections:

- Search results**: Includes links for Languages and Library links.
- Collections**: Includes radio buttons for "Search articles (include patents)" (checked) and "Search legal documents".
- Results per page**: A dropdown menu set to "10" with the text "Google's default (10 results) provides the fastest results."
- Where results open**: Includes a checkbox for "Open each selected result in a new browser window" which is unchecked.
- Bibliography manager**: This section is circled in red. It includes radio buttons for "Don't show any citation import links" (unchecked) and "Show links to import citations into EndNote" (checked).

At the bottom of the page, there are "Save" and "Cancel" buttons. The "Save" button is circled in red.

## Google Scholar

The image shows a Firefox browser window displaying Google Scholar search results for the query "dental implant". The search results page shows several articles, with the first one titled "Timing of loading and effect of micromotion on osseointegration literature" by S Szmukler-Moncler, H Salama, et al. The second article is "Parameters of osseointegrated dental implants: a comparative study examining the effects of implant design" by EP Holmgren, RJ Seckinger, LM Kilgus, et al. The third article is "Interface mechanics and histology of titanium dental implant applications" by SD Cook, JF Kay, KA Thomas, M Jaicho, et al. A red circle highlights the "Import" link for the first article.

Overlaid on the search results is a Firefox dialog box titled "Opening scholar.enw". The dialog box contains the following text:

You have chosen to open:

- scholar.enw  
which is a: EndNote Import File (333 bytes)  
from: http://scholar.google.com

What should Firefox do with this file?

- Open with EndNote X6 (Bld 6348) (default)
- Save File
- Do this automatically for files like this from now on.

Buttons for "OK" and "Cancel" are visible at the bottom of the dialog box.

# جستجو در پایگاه های اطلاعاتی: Google Scholar

The screenshot displays the EndNote X6 software interface. The main window shows a search result for a reference. The reference details are as follows:

Author	Year	Title	Rating	Journal	Ref
Hiraishi, N.; Yiu, ...	2010	Antimicrobial efficacy of 3.8% silver diamine FL...		J Endod	Jou

The right-hand pane shows the reference details, including the title "Comparative Study", the journal "J Endod", and the URL <http://www.ncbi.nlm.nih.gov/pubmed/20478459>. The "Author Address" section provides contact information for Hiraishi Noriko.

An "Importing..." dialog box is overlaid on the main window, indicating that the software is in the process of importing the selected reference into the library.

## Google Scholar

The image shows a Firefox browser window displaying Google Scholar search results for the query "dental implant". The search results page shows approximately 331,000 results. The left sidebar contains filters for "Articles", "Legal documents", "Any time" (with options for "Since 2013", "Since 2012", "Since 2009", and "Custom range..."), "Sort by relevance" (with "Sort by date" as an option), and checkboxes for "include patents" and "include citations". There is also a "Create alert" button.

The main content area displays several search results. The first result is titled "Timing of loading and effect of micromotion on bone healing literature" by S Szmukler-Moncler, H Salama, et al. The abstract mentions a significant no-load healing period. The second result is titled "parameters of osseointegrated dental implants: a comparative study examining the effects of implant design" by EP Holmgren, RJ Seckinger, LM Kilgus, et al. The abstract discusses Finite element analysis (FEA) for evaluating dental implant systems. The third result is titled "Interface mechanics and histology of titanium dental implant applications" by SD Cook, JF Kay, KA Thomas, M Jaicho, et al. The abstract discusses the interface mechanical characteristics and histology of (HA)-coated titanium.

Overlaid on the bottom right of the browser window is a Firefox dialog box titled "Opening scholar.enw". The dialog box contains the following text: "You have chosen to open: scholar.enw which is a: EndNote Import File (333 bytes) from: http://scholar.google.com". Below this, it asks "What should Firefox do with this file?" and provides three options: "Open with" (selected, with a dropdown menu showing "EndNote X6 (Bld 6348) (default)"), "Save File" (highlighted with a red box), and "Do this automatically for files like this from now on." (unchecked). "OK" and "Cancel" buttons are at the bottom right of the dialog box.

# جستجو در پایگاه های اطلاعاتی: PubMed

The screenshot shows the PubMed website interface. The browser address bar displays 'www.ncbi.nlm.nih.gov/pubmed/?term=dental+implant'. The search bar contains 'dental implant' and a search button. The page shows search results for 'dental implant' with 26894 results. Three results are selected, each with a red box around its checkbox:

- [A Method for Obtaining a Three-Dimensional Geometric Model of Dental Implants for Analysis via the Finite Element Method.](#)  
Carvalho Silva G, Pereira Cornacchia TM, Barbosa de Las Casas E, Silami de Magalhães C, Moreira AN.  
Implant Dent. 2013 Jun;22(3):309-314.  
PMID: 23680977 [PubMed - as supplied by publisher]  
[Related citations](#)
- [Disparity in embrasure fill and papilla height between tooth- and implant-borne fixed restorations in the anterior maxilla: a cross-sectional study.](#)  
Cosyn J, Raes M, Packet M, Cleymaet R, De Bruyn H.  
J Clin Periodontol. 2013 Apr 22. doi: 10.1111/jcpe.12116. [Epub ahead of print]  
PMID: 23679860 [PubMed - as supplied by publisher]  
[Related citations](#)
- [Peri-implant bone length changes and survival rates of implants penetrating the sinus membrane at the posterior maxilla in patients with limited vertical bone height.](#)  
Kim HY, Yang JY, Chung BY, Kim JC, Yeo IS.  
J Periodontal Implant Sci. 2013 Apr;43(2):58-63. doi: 10.5051/jpis.2013.43.2.58. Epub 2013 Apr 30.  
PMID: 23678388 [PubMed] **Free Article**  
[Related citations](#)

Other results include:

- [Occlusion for implant-supported fixed dental prostheses in partially edentulous patients: a literature review and current concepts.](#)  
Yuan JC, Sukotjo C.  
J Periodontal Implant Sci. 2013 Apr;43(2):51-7. doi: 10.5051/jpis.2013.43.2.51. Epub 2013 Apr 30.

The interface also features a 'Send to' button (highlighted with a red box), 'Display Settings' (Summary, 20 per page, Sorted by Recently Added), 'Filters: Manage Filters', 'Results by year' chart, 'Related searches' (dental implant failure, dental implant surface, dental implant success, dental implant survival, dental implant bone), and 'PMC images search for dental implant' (showing several images).

# جستجو در پایگاه های اطلاعاتی

The screenshot displays the EndNote X6 software interface. The main window shows a search for "dental implant and diabetes" in the "My Library" section. The search results are displayed in a table with columns for Author, Year, Title, Rating, Journal, and Ref. The results list 12 references, including works by Aljohani, Hind A. (2009), Carvalho Silva, G. (2013), Cosyn, J.; Raes, ... (2013), Hiraiishi, N.; Yu, ... (2010), Holmgren, Eric P. (1998), Ikebe, Kazunori; ... (2009), Kim, H. Y.; Yang, ... (2013), Oates, T. W.; Hu... (2013), Sabbagh, Sedigh... (2013), Szmukler-Moncl... (1998), Tatarakis, N.; Kin... (2013), and Wu, D. Y.; Li, G.; ... (2011).

An "Import File" dialog box is open over the search results. The dialog box has the following fields and options:

- Import File: [Empty text box] Choose...
- Import Option: PDF (selected)
- Duplicates: PDF, Endnote Library, Endnote Import, Refer/BibX, Tab Delimited, Reference Manager (RIS), ISI-CE, Multi-Filter (Special), Endnote generated XML, Peerless (XML)
- Text Translation: [Empty text box]
- Other Filters... (highlighted with a red box)
- Use Connection File...

The status bar at the bottom of the window indicates "Showing 12 of 12 references." The taskbar at the bottom shows the system tray with the time 9:20 AM and various application icons.

The screenshot displays the EndNote X6 software interface. The main window shows a search for "dental implant and diabetes" in the "My Library" section. The search results are displayed in a table with columns for Author, Year, Title, Rating, Journal, and Ref. The search criteria are: Author: Contains, Year: Contains, Title: Contains. The search results list 12 references, including works by Aljohani, Hind A. (2009), Carvalho Silva, G. (2013), Cosyn, J.; Raes, ... (2013), Hiraishi, N.; Yiu, ... (2010), Holmgren, Eric P. (1998), Ikebe, Kazumori; ... (2009), Kim, H. Y.; Yang, ... (2013), Oates, T. W.; Hu... (2013), Sabbagh, Sedigh... (2013), Szmukler-Moncl... (1998), Tatarakis, N.; Kin... (2013), and Wu, D. Y.; Li G.; ... (2011).

An "Import File" dialog box is open, showing the "Import Option" dropdown menu. The "Cochrane Library (Wiley)" option is selected and highlighted with a red box. Other options include PDF, Endnote Library, Endnote Import, Refer/BibDX, Tab Delimited, Reference Manager (RIS), ISI-CE, Multi-Filter (Special), Endnote generated XML, Other Filters, PubMed (NLM), and Use Connection File...

The status bar at the bottom indicates "Showing 12 of 12 references." and the system tray shows the time as 9:26 AM.

# واردسازی منابع از طریق برنامه

# واردسازی منابع از طریق برنامه

The screenshot displays the EndNote X6 software interface. The main window is titled "EndNote X6 - [workshop.enl]". The menu bar includes "File", "Edit", "References", "Groups", "Tools", "Window", and "Help". The toolbar contains various icons for file operations and search. The "Quick Search" field is visible, along with "Match Case" and "Match Words" checkboxes. The "Search Remote Library" dropdown is set to "Search Remote Library".

The "My Library" pane on the left shows "Online References" and "Online Trash" with zero items. Under "Online Search", several sources are listed: "Library of Congress", "LISTA (EBSCO)", "PubMed (NLM)", "U College London", and "Web of Science (TS)", all with zero items. A "more..." link is also present.

The search criteria are defined in the "Search" section, which is highlighted with a red box. The criteria are:

- Author (Smith, A.B.) - Contains
- And - Year - Contains
- And - Title - Contains - dental implant and diabetes

The search results pane on the right shows "Reference Type: Journal Article" and "No References Selected". The main results area is empty, with a status bar at the bottom indicating "Showing 0 of 0 references in Group. (All References: 0)".

The Windows taskbar at the bottom shows several open applications, including "3 Windows Ex...", "dental implant...", "EndNote ppt [A...", "Araban's EndN...", "endnote [Reco...", and "EndNote X6 - [...". The system clock shows "12:13 AM".

# واردسازی منابع از طریق برنامه

The screenshot displays the EndNote X6 interface. The main window shows a search panel with the following criteria:

- Search Remote Library:  Match Case  Match Words
- Author (Smith, A.B.) Contains
- And Year Contains
- And Title Contains dental implant and diabetes

The search results table is currently empty, with columns for Author, Year, Title, Rating, Journal, and Ref.

A dialog box titled "Confirm Online Search" is overlaid on the main window. It contains the following text and controls:

- Found 5 records.
- Retrieve records from:  through  5
- Clear currently displayed results before retrieving records.
- Buttons: OK (highlighted with a red box), Cancel

mesh of 297,600 elements and 490,045 nodes was generated. An aleatory acceleration simulation was performed to test the mesh, and no errors were identified. CONCLUSION: The developed methodology created a precise dental implant model, which can be used in different finite element method simulations.

The screenshot shows a PDF viewer interface. On the left, there is a search results table with columns for Rating, Journal, and Ref. The table lists several dental-related articles. On the right, a PDF document titled "10(1).pdf" is open, showing the abstract and introduction of a paper. A red box highlights the PDF title in the viewer's toolbar. Another red box highlights a paragraph in the PDF's introduction section.

**10(1).pdf**

**The antimicrobial activity of substances derived from the lichens *Physcia alpinola*, *Candelaria polyphylla*, *Parmeria caperata* and *Hypogymnia physodes***

**Abstract**

In this study, the antimicrobial activity of 16 extracts and their active components was tested against the fungus *Aspergillus fumigatus*, *Aspergillus niger*, *Aspergillus terreus* and *Aspergillus nidulans*. The extracts and their active components were tested against the fungus *Aspergillus fumigatus* and *Aspergillus niger* by determining the minimal inhibitory concentration (MIC) by the broth microdilution method. The most active compound obtained from all of the tested microorganisms, the fungus derived a higher activity against the tested fungi. The highest antimicrobial activity was found in the case of the *Physcia alpinola* extract, where the lowest MIC was found against the *Aspergillus fumigatus* strain. The active compounds tested were found to be effective with which inhibited zone of the microorganisms in the concentration of 1 mg/ml. In addition, all the compounds had inhibitory activity against the tested microorganisms, among which were found to be most effective. This could be of importance for use as an antimicrobial agent.

**Keywords:** Antimicrobial activity, Lichens, Compounds.

**Introduction**

Lichens are symbiotic organisms consisting of a fungus (usually an ascomycete) and a photosynthetic partner (usually cyanobacteria or green algae) in a symbiotic relationship (Cannon, 1998). Lichens have been used as traditional medicines to treat the fungal infection (Kumar, 2005). Lichens have been used for the treatment of various diseases, including fungal infections, tuberculosis, viral infections and skin diseases (Vijaya, 2007). Bharadwaj (2005) stated that the extracts from lichens possess antifungal activity in which the inhibition activity has been found (Vijaya, 2007; Subramani et al., 2008; Rajaguru et al., 2009; Mahesh, 2009).

Lichens produce various metabolites, "lichen substances" including alkaloids, terpenoids, steroids and organic compounds (Bharadwaj and Prasad, 1995). Numerous and various biological activities of lichens and their metabolites are known such as antibiotic, anticancer, antidiabetic, antidiarrhoeal, antitubercular and they exhibit growth inhibition in soil in certain species (Vijaya, 2005; Mahesh, 2009).

It has been shown that the lichen extracts and their compounds have a distinguished antimicrobial activity (Vijaya, 2007; Subramani et al., 2008; Subramani et al., 2009; Bharadwaj and Mahesh, 2007; etc.). The lichen extract is a natural source of antimicrobials that may exhibit antifungal activities in many infections. The present study tested the antifungal activity of lichen extracts from the lichen species *Physcia alpinola*, *Candelaria polyphylla*, *Parmeria caperata* and *Hypogymnia physodes* against the tested microorganisms to study the antimicrobial activity.

The image shows a screenshot of the EndNote X6 software interface. The main window is titled "EndNote X6 - [workshop.eni]" and has a menu bar with "File", "Edit", "References", "Groups", "Tools", "Window", and "Help". The toolbar includes a search icon and a "Quick Search" field. The left sidebar shows "My Library" with "All References (12)", "Unfiled (10)", and "Trash (0)", and "My Groups" with a group named "2013". The main search area has a "Search" button, an "Options" dropdown, and a "Search Whole Library" dropdown. There are three search criteria: "Author" (Contains), "Year" (Contains), and "Title" (Contains). The right sidebar shows "Reference", "Preview", and "Attached PDFs" tabs, with "Reference Type" set to "Journal Article" and "No References Selected".

A "Smart Group" dialog box is open in the foreground. It has a title bar "Smart Group" and a close button. The "Smart Group Name" field contains "2013". Below it is a search criteria field with "Year" selected in the dropdown, "Contains" in the operator dropdown, and "2013" in the text field. At the bottom of the dialog are "Save", "Cancel", and "Options..." buttons, along with "Match Case" and "Match Words" checkboxes.

At the bottom of the EndNote window, it says "Showing 6 of 6 references in Group. (All References: 12)". The Windows taskbar at the very bottom shows several open applications: "5 Windows Explorer", "implantologia.jpg (I...", "The KMPlayer", "EndNote X6 - [work...", and "Microsoft PowerPoi...". The system clock shows "10:41 PM".

# گروه بندی منابع

The screenshot displays the EndNote X5 interface. The search panel is highlighted with a red box, showing the following search criteria:

- Search: Search Whole Library
- Match Case:
- Match Words:
- Field: Title, Operator: Contains, Value: implant
- And: Year, Operator: Is greater than, Value: 2011
- And: Title, Operator: Contains, Value: (empty)

The search results are displayed in a table with the following columns: Author, Year, Title, Rating, Journal, and Ref. The results are as follows:

Author	Year	Title	Rating	Journal	Ref
Tatarakis, N.; Kin...	2013	Clinical, microbiological, and salivary biomarker...		Clin Oral Impla...	Jou
Oates, T. W.; Hu...	2013	A critical review of diabetes, glycemic control, ...		Clin Oral Impla...	Jou
Kim, H. Y.; Yang, ...	2013	Peri-implant bone length changes and survival ...		J Periodontal L...	Jou
Coşyn, J.; Raes, ...	2013	Disparity in embrasure fill and papilla height be...		J Clin Periodon...	Jou
Carvalho Silva, G...	2013	A Method for Obtaining a Three-Dimensional ...		Implant Dent	Jou

Showing 5 of 5 references in Group. (All References: 12)

# گروه بندی منابع

The screenshot displays the EndNote X6 interface. A search for 'implant' has been performed, resulting in a list of 5 references. A context menu is open over the search results, with the 'Convert to Smart Group' option highlighted in red. The search criteria are 'implant' and '2011'. The reference list shows the following entries:

Author	Year	Title	Journal	Ref
Tatarakis, N.; Kin...	2013	Clinical, microbiological, and salivary biomarker ...	Clin Oral Impla...	Jou
Oates, T. W.; Hu...	2013	A critical review of diabetes, glycemic control, ...	Clin Oral Impla...	Jou
Kim, H. Y.; Yang, ...	2013	Peri-implant bone length changes and survival ...	J Periodontal L...	Jou
Cosyn, J.; Raes, ...	2013	Disparity in embrasure fill and papilla height be...	J Clin Periodon...	Jou
Carvalho Silva, G...	2013	A Method for Obtaining a Three-Dimensional ...	Implant Dent	Jou

The status bar at the bottom indicates 'Showing 5 of 5 references in Group. (All References: 12)'. The Windows taskbar at the bottom shows the system clock at 8:11 PM and several open applications including Cambridge Ad..., EndNote X6, Microsoft Pow..., Output2.spr, and trunction - Ba...

# گروه بندی منابع

The screenshot displays the EndNote X6 interface. The search panel at the top shows a search for 'implant' with filters for 'Year' (greater than 2011) and 'Title' (contains). The left sidebar shows a tree view of the library, with a group named 'Converted Search' highlighted in red. The main pane shows a table of search results with columns for Author, Year, Title, Rating, Journal, and Ref. The status bar at the bottom indicates 'Showing 5 of 5 references in Group. (All References: 12)'.

The screenshot shows the EndNote X6 'Edit & Manage Citations' dialog box. The main window displays a table of citations with columns for Citation, Count, and Library. Two citations are listed: 'Oates, 2013 #10' and 'Kim, 2013 #9'. The 'Kim, 2013 #9' row is highlighted with a red box. Below the table, the 'Reference' tab is active, showing a dropdown menu for 'Formatting' with options: 'Default', 'Display as: Author (Year)', 'Exclude Author', 'Exclude Year', 'Exclude Author & Year', and 'Show Only in Bibliography'. The 'Exclude Author' option is selected and highlighted with a red box. The 'Tools' dropdown is set to 'Tools'. At the bottom, there are 'OK', 'Cancel', and 'Help' buttons. The status bar at the bottom indicates 'Totals: 2 Citation Groups, 2 Citations, 2 References'.

The image shows a screenshot of the Microsoft Word interface with the EndNote X6 ribbon active. The ribbon includes options like 'Go to EndNote', 'Update Citations and Bibliography' (highlighted with a red box), 'Export to EndNote', 'Preferences', and 'EndNote Help'. A dialog box titled 'EndNote X6' is open in the center, displaying 'Assigning hyperlinks...' with a green progress bar and a 'Cancel' button. The document text includes a paragraph about dental implants and a list of references.

A dental implant is a "root" device, usually made of titanium, that is surgically placed into the jawbone to support restorations that resemble a tooth or group of teeth to replace missing teeth (Kim et al. 2013).

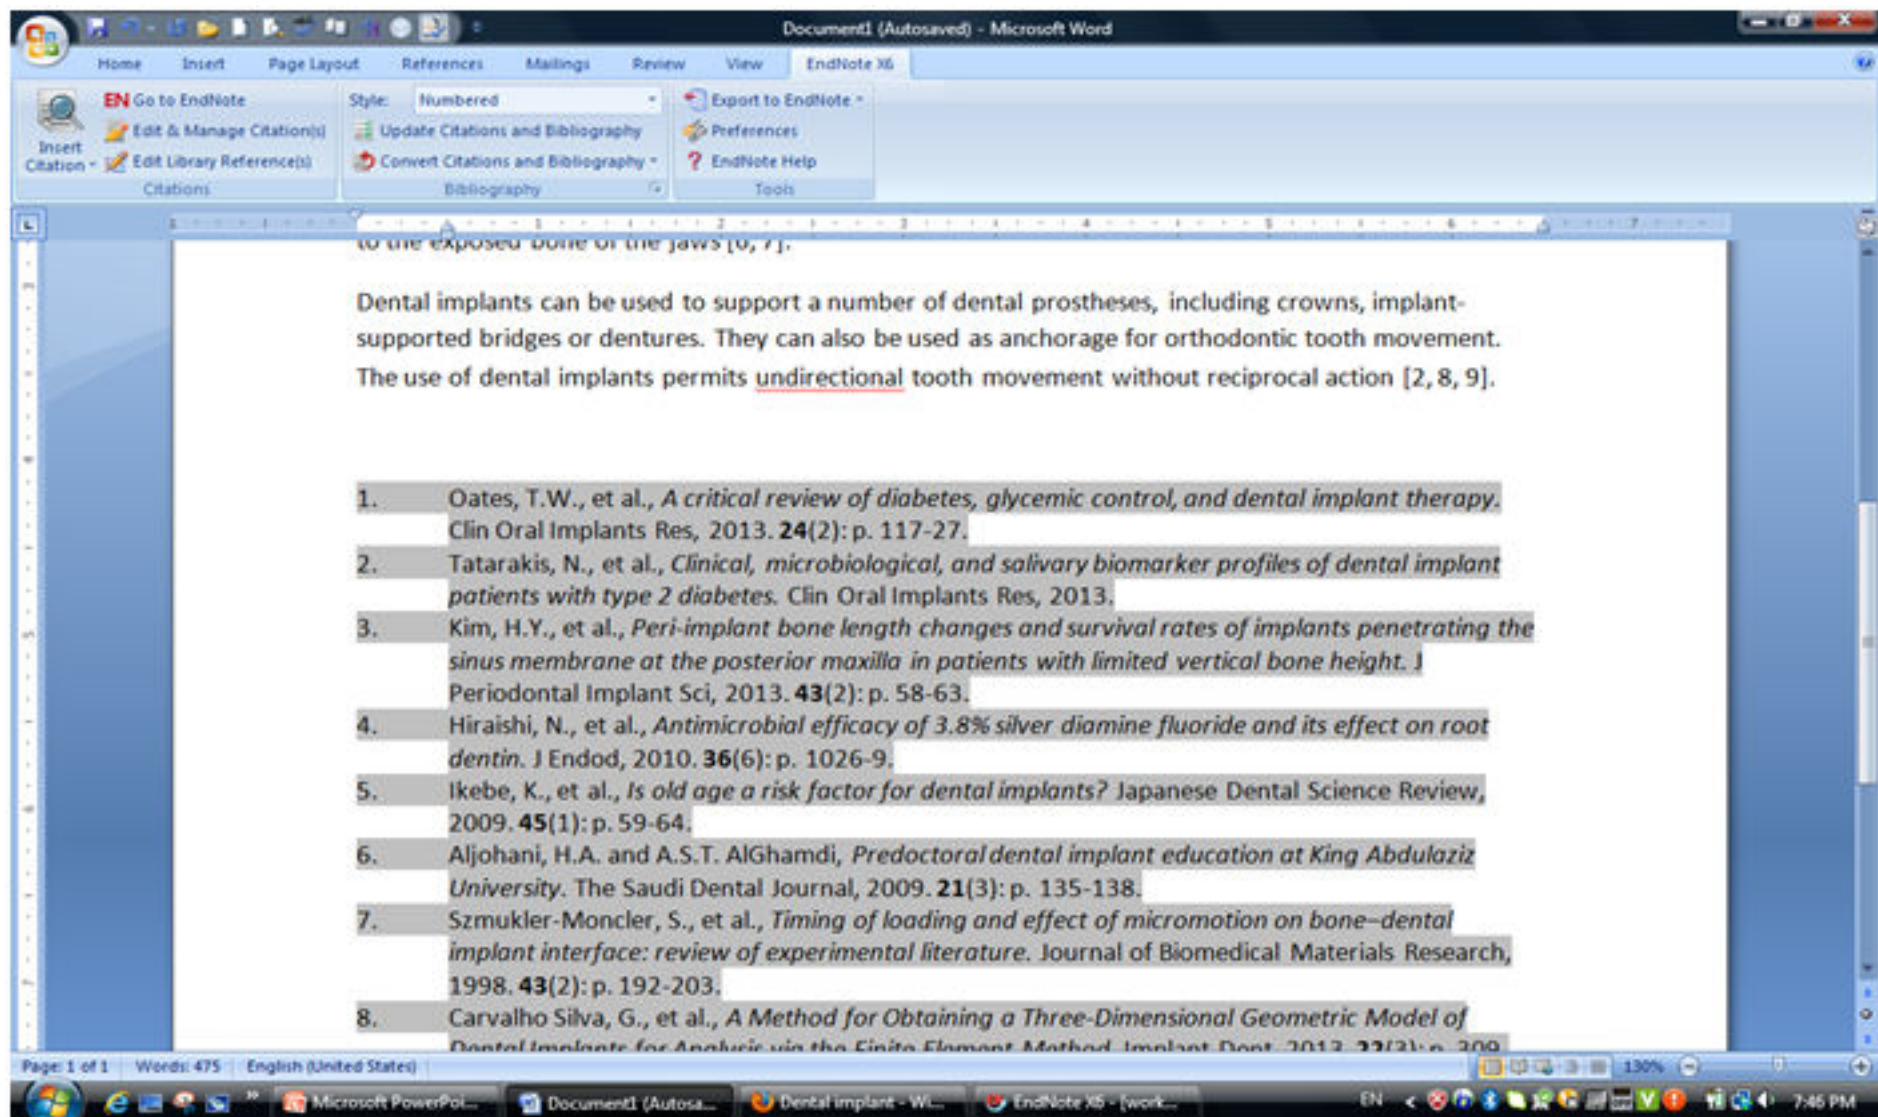

Kim *et al*

Kim, H. Y., J. Y. Yang, B. Y. Chung, J. C. Kim and I. S. Yeo (2013). "Peri-implant bone length changes and survival rates of implants penetrating the sinus membrane at the posterior maxilla in patients with limited vertical bone height." J Periodontal Implant Sci 43(2): 58-63.

# Endnote Web

The screenshot shows the Endnote Web interface in a Firefox browser window. The browser's address bar displays the URL: [www.myendnoteweb.com/EndNoteWeb.html?func=remoteSearchConnections&cat=collect&](http://www.myendnoteweb.com/EndNoteWeb.html?func=remoteSearchConnections&cat=collect&). The browser's title bar shows "EndNote".

The main content area of the page is titled "ENDNOTE® BASIC". Below this title, there are several navigation tabs: "My References", "Collect", "Organize", "Format", and "Options". The "Organize" tab is currently selected and highlighted in yellow.

Under the "Organize" tab, there are three sub-links: "Online Search", "New Reference", and "Import References". These links are enclosed in a red rectangular box.

The "Online Search" section is active, showing "Step 1" with the instruction "Select database or library catalog connection." Below this instruction, there is a dropdown menu labeled "Select..." and a link "Select Favorites". A "Connect" button is positioned below the dropdown menu.

At the bottom of the page, there is a footer containing the following text: "View in | [简体中文](#) | [繁体中文](#) | [English](#) | [Deutsch](#) | [日本語](#) | [한국어](#) | [Mobile Site](#) | [Privacy](#) | [Acceptable Use](#) | [Download Installers](#) | [Feedback](#)". Below this footer, the copyright notice "© 2013 THOMSON REUTERS" is displayed. The Thomson Reuters logo is located in the bottom left corner.

# Endnote Web

The screenshot shows the Endnote Web interface in a Firefox browser. The address bar displays the URL: [www.myendnoteweb.com/EndNoteWeb.html?func=folderOptions&cat=organize&](http://www.myendnoteweb.com/EndNoteWeb.html?func=folderOptions&cat=organize&). The page header includes a welcome message "Welcome sedigh" and links for "ResearcherID", "Log Out", and "Help".

The main navigation tabs are "My References", "Collect", "Organize", "Format", and "Options". The "Organize" tab is active, and a sub-menu is open, highlighting "Manage My Groups", "Others' Groups", "Find Duplicates", and "Manage Attachments".

The "Manage My Groups" section contains a table with the following data:

My Groups†	Number of References	Share		
implant	0	<input type="checkbox"/> <a href="#">Manage Sharing</a>	<a href="#">Rename</a>	<a href="#">Delete</a>

Below the table is a "New Group" button.

At the bottom of the page, there are language options: "View in | [繁體中文](#) | [簡體中文](#) | English | Deutsch | [日本語](#) | [한국어](#)".

Footer links include: [Mobile Site](#) | [Privacy](#) | [Acceptable Use](#) | [Download Installers](#) | [Feedback](#). Copyright notice: © 2013 THOMSON REUTERS.

The Thomson Reuters logo is located in the bottom left corner.

# Endnote Web

The screenshot shows the Endnote Web interface within a Firefox browser window. The browser's address bar displays the URL `www.myendnoteweb.com/EndNoteWeb.html?func=bibliography&cat=format&`. The page header includes a navigation menu with items like "Getting Started", "Latest Headlines", and "Most Visited". A red banner at the top of the page contains the text "Welcome sedigh" and "ResearcherID | Log Out | Help".

The main content area is titled "ENDNOTE® BASIC" and features a tabbed interface with the following tabs: "My References", "Collect", "Organize", "Format" (which is currently selected), and "Options". Under the "Format" tab, there are sub-links for "Bibliography", "Cite While You Write™ Plug-In", "Format Paper", and "Export References".

The "Bibliography" section contains three dropdown menus: "References:", "Bibliographic style:", and "File format:". Below these menus are three buttons: "Save", "E-Mail", and "Preview & Print".

At the bottom of the page, there is a language selection menu with options: "View in | 繁體中文 | 簡體中文 | English | Deutsch | 日本語 | 中文". Below this is a footer with links for "Mobile Site", "Privacy", "Acceptable Use", "Download Installers", and "Feedback". The copyright notice reads "© 2013 THOMSON REUTERS". The Thomson Reuters logo is located in the bottom left corner.
